

### FEATURES

- Ultra bright 4500 lumen 45W white COB LED, 6500K
- High performance integrated 10W Bluetooth speaker
- Dual Power - rechargeable and mains powered
- 1A USB Power bank function for charging devices
- Super tough nylon-polymer construction
- Concealed aluminium 360° rotating hanging hook
- 140° Vertical adjustable body to angle the light beam
- IP65 dust & water resistant
- IK07 shock proof - 2m drop resistant
- Powerful 11.1v 5200mAh integrated lithium-ion battery
- 5 x Battery level and charging indicator LEDs
- Mains charger included with multi-country adaptors
- Quick 3 ½ hours charge time
- Magnet attachment and tripods available (not included)

**BATTERY** - 11.1v 5200mAh Li-ion Rechargeable Battery

**WEIGHT** - 1560g

**DIMENSIONS** - 210 x 210 x 100mm

#### ADVICE & IMPORTANT INFORMATION!

LEDs will become hot when switched on; do not touch and never place face down on any surface – risk of fire! Even once the lamp has been switched off, DO NOT place face down as the LEDs will stay hot/warm for a while.

Do not look directly at the LEDs. Do not operate in direct sunlight or extreme temperature conditions (below -10°C or above 40°C).

Do not use the device if there is any visible damage to the housing, LED, lens, charge port or charger & cord. Take care when using the charger, always check for any damage first. DO NOT exceed 15V 1.5A charger output or damage may occur to the battery. Only use the charger supplied with the lamp. Never remove the charger from the mains power socket with wet hands, and do not attempt to remove by pulling the cord, always grasp the plug unit.

The rechargeable battery will reach full performance after a few complete charging and discharging cycles.

To keep the rechargeable battery in optimum condition, it should be recharged every 3-6 months, especially if it is not being used for a long period of time. Always fully charge batteries before storage. Always protect batteries from heat, intense sunlight, fire, water and moisture – danger of explosion!

If a battery is damaged, fluids can leak out. AVOID contact as this can lead to skin irritation and/or burns. If skin contact occurs, rinse thoroughly with water. If irritation persists, seek medical advice. Seek immediate medical assistance if lithium battery fluid comes into contact with the eyes.

This is not a toy, children under 12 years of age should only use the product under adult supervision.

Do not open, disassemble or attempt to modify the product; this will void the warranty and can be dangerous. Improper use or modification is not covered under the warranty.

Take care not to let the lens come into contact with hard/sharp objects, damage/scratches to the lenses will affect light output.

This product is water resistant to IPX5 – DO NOT SUBMERGE. If the product has been subjected to excessive moisture/water the warranty may be void.

This product has a 1 year standard warranty (or extended to 2 years once registered online at WWW.UNILITE.CO.UK) against manufacturing faults and defects. It does not cover normal wear and tear, modifications, accidental damage or poor maintenance. Unilite warranties do not cover battery leaks or the use of incorrect chargers and cables that can damage batteries.

Do not dispose of this device in normal household waste. It must be disposed of via an authorised electrical appliance disposal centre or at your local waste disposal unit.

Please re-use or recycle packaging where possible.

Keep these instructions for future reference or for subsequent possessors.

### ANSI FL 1 Standard

Mode	Beam Spread	Lumens	Beam Distance (M)	Runtime (H)
HIGH		4500 Lumens	74 M	3 ½ H
MID		2300 Lumens	59 M	6 H
LOW		1200 Lumens	42 M	10 H
ECO		450 Lumens	21 M	15 H

### LIGHT OPERATION

Press the yellow circle button on the back of the unit to activate. Keep pressing to get the desired light output, 4 light modes to choose. If left ON for 5+ seconds, the next press will turn off. The next press ON will return to the last mode used.

### BLUETOOTH SPEAKER

Press and hold the small yellow rectangle switch on the back of the light until the blue LED above it illuminates and the speaker alerts you that Bluetooth is activated.

Then pair it on your mobile device by selecting "SP-4500" and you can start playing your favourite music!

Press and hold the switch again to turn Bluetooth off.

### CHARGING

Mains powered 15V 1.5A charger/power lead included, with UK/EU/AU/US plug adaptors included. Only use the charger provided otherwise damage may occur and warranty will be void.

1. Lift the charging port cover on the back of the lamp.
2. Plug the DC end of the cable into the circular charge port.
3. Plug the AC/DC plug into a mains AC plug socket.
4. The 5 x battery indicator LEDs will illuminate and flash to show charging status. Once fully charged, all the indicator LEDs will illuminate continually.
5. If the battery indicators do not illuminate, remove the charger and try again.
6. Charge Time: 3 ½ hours

The intelligent battery and charging lead means the light can still be used during charging. Even with a fully charged battery, the lead can be used as a constant power supply.

Fully charge before first use.

\*Warranty void if not used with the charger provided\*

### POWER BANK

The lamp can also be used as a 1A Powerbank. Plug the USB end of your devices charging cable into the USB port on the back of the lamp.
